

SPEEDLOCK[®]

One genius system, endless solutions

Engineered to exceed Australian & International Pallet Racking Standards, Dexion's Speedlock[®] System provides greater design versatility, maximum safety and world-class load carrying capacity.

Since its introduction in 2012, this innovative system caters to all racking types from Selective to Double Deep, Push-Back to Narrow Aisle. Highly flexible and adjustable, the Speedlock[®] is tailored to meet the evolving needs of growing businesses.
